

BALKAN WAR CRISIS REACHED AUSTRIA MAKES STRICT DEMANDS

NYE, LYON AND ORMSBY COUNTIES JOIN IN ORGANIZATION OF A NEW NON-MILITANT SUFFRAGE SOCIETY

The road roller which was used in such an extent in Fallon during the past primary election in this state has not been thrown on the waste heap and is now in good working order, having been used by the voters of the state who have taken up the battle of the ballot. For two weeks there has been trouble in the ranks of the suffragettes and all because it is claimed Miss Anne Martin ran the road roller over the Ormsby, Lyon and Nye delegates at the state convention of the suffragettes about three weeks ago. Since that time there has been meeting after meeting, scheme after scheme and plan after plan tried, culminating in a call for a meeting to be held in Carson to adjust matters. The Ormsby camp had disunion in its own ranks. One portion was loyal to the banner of Miss Martin, while others were loyal to the banner which was against Miss Martin. It appeared that Miss Martin was the stumbling block over which the political suffragettes split.

Tuesday delegates from Nye and Lyon arrived in Carson and joined with the Ormsby suffragettes in a session. It is claimed by one of the row that the Ormsby delegates had been instructed to join in a new convention which did not have representation from a majority of the counties. However this might

ARSON SQUADS SENATE PASSES SUFFRAGISTS CAUSE BIG LOSSES

MILITANT WOMEN OF LONDON DECLARED RESPONSIBLE FOR \$100,000 FIRES

(By Associated Press) LONDON, March 20.—Two "arson squads" of militant suffragettes succeeded early today in destroying \$100,000 worth of property. One squad burned down the country residence of Lady Amy White, widow of Field Marshal Sir George White, the hero of Ladysmith during the Transvaal war. The other squad fired the buildings of the golf club at Westonsupermare, a fashionable summer resort. The incendiaries escaped.

LEASERS OPEN UP FOUR FEET OF RICH ORE

AL WARDLE AND ASSOCIATES AT WILLOW CREEK SECURE AS-SAYS \$204' TO TON

Four feet of ore that assays \$204 to the ton is now being mined at Willow Creek by Al Wardle and Jack Dakovic, who are operating a lease on the main property. J. J. Vignolo of the Nevada club, who is also interested in the lease, received the favorable news from the district yesterday.

The lease is known as the A and Double J lease, and the shaft has been sunk to a depth of 25 feet. The vein has been proven to be 12 feet in width at that point, while four feet of the body gives the high assays. Operations were started on the lease less than two months ago and the work has progressed rapidly, although a slight delay was occasioned by stormy weather.

The shaft was started about 300 feet distant from the main strike and is on the same vein upon which the original discovery was made. As the work progresses the rich part of the vein appears to be widening out and indications point to the lucky leasers extracting a fortune from their holdings.

Vignolo and Al Frevert will leave shortly for a brief visit of the district.

BILL GIVING LAND TO NYE

TERRITORY IN ESMERALDA COUNTY WILL BE ANNEXED TO TONOPAH TOWNSHIP

Blustering tactics lost to Esmeralda that portion of the Tonopah mining district that is embraced in the neighboring county. The state senate last night passed the assembly bill annexing to Nye county several miles of territory south and west of this city. Nye county gained the territory originally desired, while Esmeralda, through blundering and overbearing lobbyists, received nothing in exchange, although a fair proposition was made at the outset.

The bill was passed by the assembly during the latter part of last week and was rushed to the senate. It was reported back from committee yesterday afternoon with a favorable recommendation and shortly afterwards was voted upon and was passed by the upper house. The measure was then returned to the lower house to be enrolled and will be presented to the governor for signature today.

The claim of Nye county to the land in question was on account of the taxpayers of Tonopah affording police and fire protection to the Esmeralda district. It was also shown that the Tonopah high school was located in Esmeralda county, as are the local cemeteries. These claims were sufficient to convince the members of the legislature that Nye county was acting in a fair and square manner. If the claims of the Nye county lobbyists were not sufficiently strong to secure conviction, the actions of the Goldfield lobbyists then produced the desired effect.

The investigation showed it was due to arsenical poisoning.

VOLUNTEERS TO GIVE DANCE ON MONDAY NIGHT

EFFORT IS BEING MADE TO CLEAR UP INDEBTEDNESS OF ORGANIZATION

Next Monday evening the members of the volunteer fire department will act as hosts at the Miners' Exchange hall, when a grand ball will be given. The initial announcement of the dance was made several weeks ago and since that time the committee has labored untiringly toward making the affair a huge success.

The volunteer organization is in debt at the present time and rather than solicit subscriptions from the business men of this city, the members preferred to give the dance and secure funds through that source. It is desired to liquidate the indebtedness and a heavy ticket sale is reported already, with the date of the dance yet five nights away. The indebtedness was incurred through the conducting of the volunteers' gymnasium and efforts are also being made to place that institution on a paying basis.

At the dance Monday night the best of music will be on hand while the entire membership of the organization will serve as a floor committee, thus assuring dances for everyone who attends the function.
